Easy Management

Competency Test results are linked to the operator's profile.

Alerts (test failures) can be sent to the PoC Coordinator via Email.

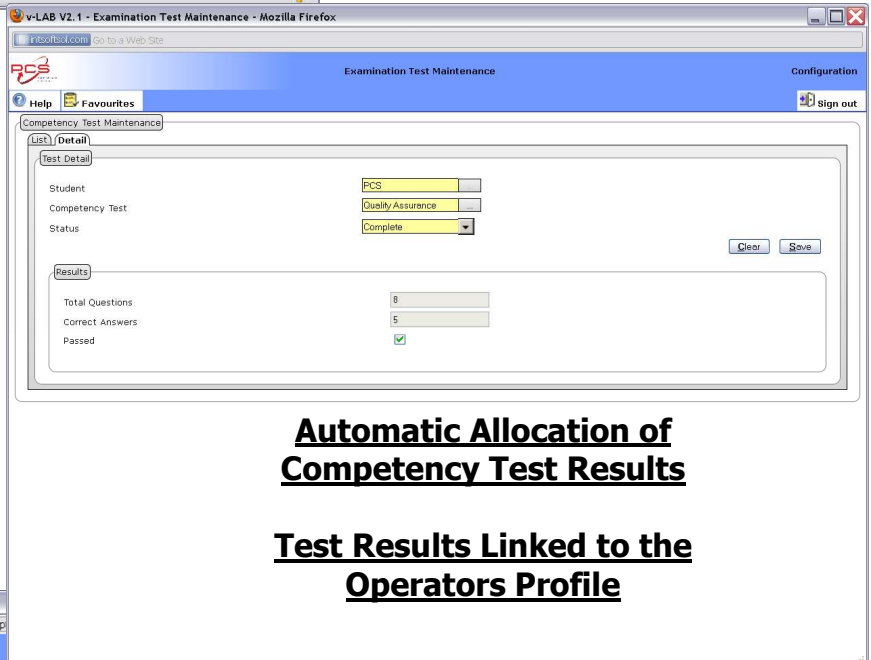

Create COMPETENCY TESTS with MULTIPLE CHOICE ANSWERS

The PoC Coordinator creates Competency Tests for the accreditation of operators.

Each test may consist of multiple topics with user defined number of questions allocated per topic.

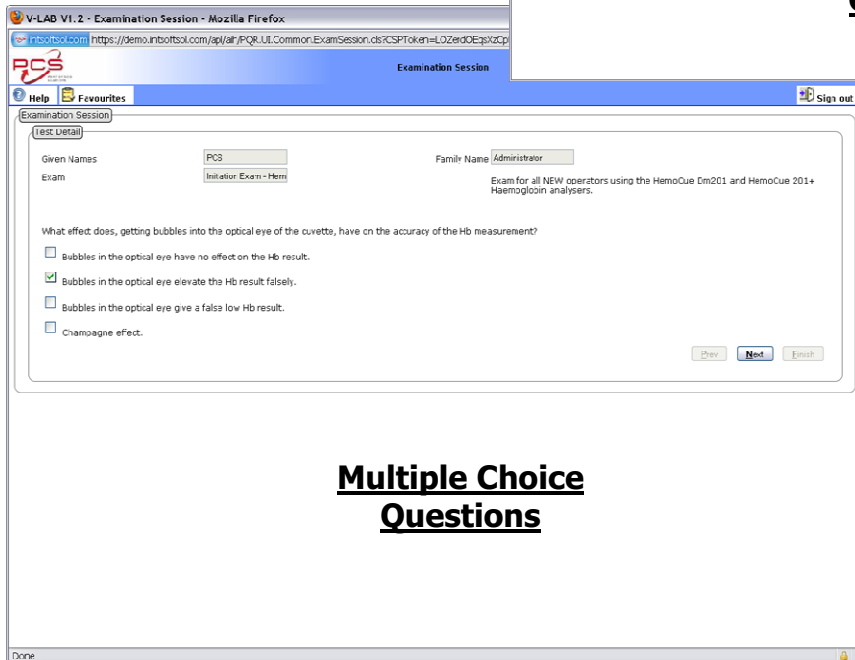

Questions per test are randomly selected from the pool of questions available.

PoC Coordinator defines which answers are correct.

Automatic Allocation of Competency Test Results

Test Results Linked to the Operators Profile

Multiple Choice Questions

The Multiple choice questions.

The operator may exit the test at any time and rejoin at a later date.

Easy, quick, efficient.
